¶ APROBACION DEL PADRE F. IOAN Baptista, dela Orden del Seraphico P. S. Francisco, Lector de Theologia, y Padre de la Prouincia del sancto Euangelio.

(*)

POR comissiõ del Illustrissimo Señor Arçobispo, he visto vn Libro cuyo titulo es Espejo Diuino, en Lengua Mexicana, en que pueden verse los Padres, y tomar documento para acertar a doctrinar biẽ sus hijos, y aficionallos alas virtudes: compuesto por el Padre Fr. Ioan de Mijangos, Religioso, y Predicador dela Orden del glorioso Padre Augustino Doctor dela Yglesia, y Obispo de Yponia: el qual va en Dialogos: y su doctrina es sana, y verdadera, y Catholica, sin que en cosa alguna sea contraria a nra sancta fee Catholica, ni alos sacros Canones, ni a buenas costumbres: antes con graue eloquencia, y mucha erudicion, propriedad de palabras, con lenguaje muy elegante, y estilo muy curioso, trata materias muy vtiles è importantes, assi para los Naturales, como para sus Predicadores. Por lo qual me parece obra que se puede imprimir con esperança de gran fruto q̃ della sacara nro Señor, para edificacion desta nueua Yglesia Mexicana, y consuelo del Autor, que tambien lo ha trabajado. Fecha en Tacuba a 18. de Febrero de 1606.

AQVIEN a escripto vn Libro de grande erudicion, donde a empleado todo el caudal de su ingenio, bastale solo vn amparo, y aun el mismo Libro, si es bueno: aunque vaya solo, va amparado: mas aquien a cõpuesto vno, que por ser Espejo se verán en el mejor sus faltas, le es necessario mayor ãparo, y defensa de muchos, y buenos Protectores, y assi è querido dedicar este a V. Paternidades, para que como muchos, y tan poderosos, tomando su defensa a cargo sea mas amparado, y defendido: si fuere don partible, siendo el tan pequeño, y tan humilde, poco cupiere a tantos como le offrezco: mas como la voluntad va entera, que no admite partticion. Suplico a V. Paternidades le reciban con la que le embio, [que es grande] suplicando humilmente si ha de valer algo, me den licencia para imprimillo, q̃ la ganancia de este empleo, quando no sea mas de aficionar a otros, que sin rezelo de faltas pueden escriuir en tiempo que las Ordenes estàn desacreditadas, y tenidas por descuydadas, y remissas ẽ el mynisterio delos Indios: Serà muy grande, quantimas que seruirà de despertar alos dormidos, y descuydados Ministros en aprender la Lengua de los Naturales, y a nuestra Orden seruirà de Respuesta, y escusa ala objection que se nos pone, pues no solo ay quien las aprenda, y

 las

las estudie en ella, mas quien se atreua a escreuir con tanta ignorancia, donde ay tan auentajadas lenguas, que sobran en cada Conuento : no alabo en esto mi cuydado, y mi trabajo siendo tan poco, y yo siruo, y inutil que por todo meresco menos : ni alabo la nobleza, letras, y virtudes de V. Paternidades, con que an subido a gozar delos mas altos lugares, honrras, y dignidades dela Orden, que el silencio las alaba, y basta la fama, y poner los ojos en la election que en V. Paternidades a hecho, tan illustre Congregacion, y junta de Perlados, hombres de sciecia, y consciencia, para alcançar [si tiene fin] elde su meresçimiento.

Humilde hijo de V. Paternidades.

PROLOGO.

Al deuoto lector.

A ſoberuia, y altiuez (Religioſo Lector) como coſa tan aſqueroſa, y la mas abominable a los limpios, y diuinos Ojos de Dios : y como indigna de eſtar en ſu Diuina preſencia, y ſumptuoſos palacios del Cielo, la deſpidiò Dios de alli, y puſo en el lugar mas baxo, y aſqueroſo del Infierno : que no es ropaje de que ſe viſte el Cielo la hinchazon. Diſcite ame quia mitis ſum, & humilis corde (dixo Chriſto Señor nro a ſus Diſcipulos) aprended de mi que ſoy manſo, y humilde, ſacad de mi que ſoy dechado con primor eſta labor, ſed humildes como yo, que la humildad tiene lugar ſeñalado, y corona de gloria ſingular en mi Reyno. Qui ſe exaltat humilia bitur, & qui ſe humiliat exaltauitur. Y entienda el que ſe humillare, q̃ ſerà leuantado a ſupremo lugar, y dignidad: y el ſoberuio, y hinchado, que como balança mas cargada, ha de baxar a ſer hollado, y abatido ſiempre. Con tan alto exemplo,

con

con palabras tan ſubidas (ſi las oyen los entromizados) quien a de oſar leuantarſe, tener altiuos penſamientos, en ſoberuecerſe con ſus obras, ſolo para ſer mas humillado, y abatido? El camino mas ſeguro para llegar a ſer mas ſublimado, es el dela humildad, y propio conoſcimiento, con eſto ſe alcança lugar ſeñalado, y alto. El auer ordenado, y compueſto eſte Libro, no fue con altiuo, y ſoberuio penſamiento de moſtrar lo poco que alcanço, y lo poco que ſe en la Lengua Mexicana: antes con deſſeo, y guſto de aprender lo que ignoraua, y no ſabia, ni fue con intento de grangear premio, ni vanagloria de tan pequeño trabajo: el intento fue, y mas principal, moſtrar vn feruoroſo deſſeo, de que los Naturales ſean bien doctrinados, y inſtruydos, y ſus Miniſtros (aunque lo ſon) mas cuydadoſos, y eſtudioſos en ſus Lenguas, con curioſidad, y animo de ayudarles a ganar la corona de gloria. No menos me dio cuydado el temor que pone el Euangelio alos deſcuydados, y pereçoſos, moſtrando el caſtigo del mal ſieruo, que eſcondiò el talento, y el premio, y galardon, agradeſcimiento, y loa delos que grangearon con los ſuyos, y dieron dellos ganancia al dueño, que eſte es el verdadero blãco donde an de aſeſtar eſtas obras, y el principal intento con que ſe an de emprender: Ninguna puede hauer tã perfecta, y acabada, que ſiquiera no huela a faltas, y imperfectiones, y eſta las a de tener ſolo por ſer de mis manos, y de mi pobre caudal, baxo entendimiento, y corto ingenio. Las que lleua que ſon muchas (ſi ſupiere mas el que las leyere) notelas al margen por que yo las conozca, y me ſiruan de enmienda. Sino las ay eſcuſado es pedir perdon dellas, y aſsi no le pido: y ſi las ay, no por eſto ſe eſcuſa el notarlas: y notadas, y viſtas el mofar dellas. Bien pudiera ſeruirme de eſcuſa, no ſer la Lengua materna, y auer naſcido

cido en Antequera del valle de Guaxaca donde se habla poca lẽgua Mexicana mal hablada y corrupta y no quiero que lo sea, si no que se noten mis imperfecciones mis ignorancias y yerros, por que los enmiende en vn sermonario de sanctis à que doy principio con el fin deste que por ser obra de mi mocedad y de los primeros estudios en la lengua no puede dejar de ser muy imperfecto. Determine de hazerle encoloquios porq̃ sea mas facil de entender à los naturales que le leyeren y por que las materias de que trata son predicabiles va Al fin vna tabla remiciua à los Euangelios para los Predicadores à quienes la ofresco con muy larga voluntad. Vale.
